EASY-CV.COM – Make And Upload Free CV Online

4 May, 2009 | Written by [Gagan](#) | under [Review](#)

easy-cv is a web site that provides the web service of easily making your resume using the various formats and templates from their great collection. You can even upload your picture and a video showing your work and your skills.

This web site provides you with many exciting features like: 1. A website for your resume : Once registered you'll get a web URL for your resume easy to send to your contacts, like <http://my.cv.fm/> . You become really visible on the web with the recruiters. 2. More than 200 resume templates : No technical skills required! Choose a web template and then customize colors. The modifications of texts and design are unlimited! Your resume can remain up to date in real-time with just a few clicks. 3. Instant video resume application : Add a video of presentation to your Web CV! You know better your motivation and your qualities of communication by staging you! 4. A multi format and multilingual CV : You obtain, without new seizure, automatically your CV in various formats (of type Word, PDF or Text) and in the languages of your choice for an international Web CV. 5. Index and share your personal resume : Easy-CV offers automatic links to include your site on major search engines . Self-promotion tools allow to spread widely its CV: widgets, buttons and badges without forgetting the special Facebook application!

All these exciting features are available to you at absolutely free of cost. You just have to sign up with this site and that's it. Also it has great user interface making all the editing comfortable and fast. This really is a great site for newbie's who really want to make a good impression with their resumes. It also helps your resume to be posted on big and famous sites making you visible to recruiters who are looking for great talents like you.
